Can you offer any further information or recommendations for referring agency?	This project is ideal to help keep up a strategic job search. It adds structure to the job search, regular networking activities, and assistance staying focused on a job goal.
What is the best way to refer/connect someone interested in this service?	All participants must be referred through an Assessment Centre. This project particularly highlights the supported job search and links to employers. Note that if a candidate does not qualify under the above criteria, they can receive similar services through our Job Connect services. Our goal is primarily to help people move forward in reaching their goals. Feel free to call us in order to strategize the best way to connect someone.
